SUMMARY

I am a results-oriented professional with a proven track record of efficient task completion. I prioritize rapid problem-solving and consistently strive to exceed expectations by delivering projects ahead of schedule. My commitment to comprehensive task management ensures all office responsibilities are fulfilled. As a collaborative team member, I leverage my strong communication and interpersonal skills to contribute effectively to project success. In leadership roles, I employ a strategic delegation approach, aligning tasks with individual team member strengths to maximize productivity and foster professional growth.

EXPERIENCE

Junior Koders Teacher

09/2023 - Present

Kodingnext

I am a Junior Koders (JK) teacher at Kodingnext, with a comprehensive mastery of all available modules, including Python, JavaScript, Internet of Things (IoT), and web development using HTML, CSS, JavaScript, and PHP. During my tenure, I have successfully implemented and taught these various modules to students. Based on my experience in the school environment, I have also taken the initiative to develop a suggested module, aiming to enhance the relevance and effectiveness of learning. I am committed to providing quality and innovative programming education for the younger generation.

ICT STAFF

08/2020 - 09/2023

SMK MVP ARS INTERNATIONAL

I am an IT teacher at SMK with expertise in teaching Object-Oriented Programming (OOP) using Java, Basic Design, and Entrepreneurship. In addition to teaching, I am also an active member of the New Student Admission (PPDB) team, responsible for managing applicant data. During my tenure, I have successfully developed several innovative projects, including the creation of the school website, an online registration system, and an advertising revenue generation strategy for PPDB for two consecutive years. I am committed to providing quality education and leveraging technology to improve school operational efficiency and provide relevant learning experiences for students.

IT STAFF

01/2020 - 03/2020

REFURBISH PT INTI

I work as an outsourced technical specialist at PT. Inti, responsible for the refurbishment and restoration of items. Additionally, I also play a role in managing and mentoring intern students within the company. I possess strong technical skills in item repair and experience in transferring knowledge and skills to interns. I am committed to ensuring optimal repair quality and providing a valuable learning experience for interns, enabling them to contribute effectively in a professional work environment.

IT Staff

06/2018 - 08/2018

BRI BOX PT. INTI

I am an IT staff member assigned to the BRI BOX project from PT. INTI (outsourcing), with specialized expertise in Windows operating system installation via LAN. I am experienced in implementing automated installation solutions for efficient and standardized operating system deployment across a large number of client computers. I have a strong understanding of network protocols, operating system configurations, and technical troubleshooting related to installation. I am committed to providing reliable technical support and ensuring the smooth operation of client computer systems within the BRI BOX project.

Admin Gudang

03/2018 - 06/2018

DCS Komputer

I am a meticulous and organized administrator at a computer store, with a focus on inventory management. I have experience in ensuring the accuracy of item input and output in storage, maintaining neat records, and minimizing errors. I am familiar

with using digital inventory systems to track item movement efficiently. I am committed to maintaining accurate stock levels and ensuring product availability to meet customer and store operational needs.

EDUCATION

Computer Engineering08/2014 - 08/2018

Telkom University - D3 Program

During my college years, in addition to academic pursuits, I actively participated in a student organization as an HRD staff member. In this role, I gained extensive experience in human resource management, including recruitment, training, and member development. Furthermore, I was often entrusted as a leader or field coordinator, responsible for planning, executing, and evaluating organizational activities. This experience has equipped me with strong leadership, communication, and team management skills, as well as the ability to work effectively in a dynamic environment.

CERTIFICATES

Workshop for CEO05/2021 - 05/2021

Kementrian Perindustrian Republik Indonesia

Experienced in effectively conveying business ideas to diverse audiences, including investors, partners, and stakeholders, I am proficient in constructing strong and persuasive narratives, utilizing storytelling techniques to capture attention, and skilled in creating and delivering engaging and informative pitch decks; able to identify and understand audience needs, tailor messages to their interests and preferences, analyze market and growth opportunities, develop realistic business models, prepare financial projections, and plan call-to-action strategies; as well as capable of leading and managing teams in the preparation and delivery of pitches, confidently answering questions and addressing objections, and committed to building networks with potential investors and partners.
